

# Gain a strategic advantage by recognising IELTS

## Why recognise IELTS?

IELTS is the world's most popular English language proficiency test. Trusted by millions and recognised by over 12,000 organisations worldwide, IELTS accurately and comprehensively assesses a test taker's English proficiency.

Recognising IELTS enables educational institutes, companies, and immigration bodies to access a pool of applicants who have proven their ability to communicate effectively in English.

### IELTS provides organisations with:

#### A reliable and global standard for English proficiency

Align your organisation with an internationally recognised standard of English language proficiency, enhancing your global stature and credibility.

#### Comprehensive skill assessment

IELTS evaluates across all four language skills — listening, reading, writing, and speaking — ensuring accurate assessment of real-world ability. The multi-layered security approach mean that you can trust in the test to provide an accurate measure of your applicants' English ability.

#### Access to a diverse talent pool

Recognising IELTS enables you to tap into a vast, diverse pool of potential students, employees, and professionals with verified language skills.

#### Key insights to inform decision-making

IELTS scores enable more informed and effective decisions in recruitment, admissions, and staff development processes.

#### Streamlined administrative processes

With the IELTS Results Service, organisations can quickly and securely verify test results, simplifying administrative processes.

#### Prestigious network membership

Join an elite network of over 12,000 organisations worldwide that recognise IELTS, demonstrating a commitment to excellence and inclusivity in English language proficiency.

“ We consider an IELTS qualification to be a reliable indication of a student's English language competencies and of their ability to pursue their higher education in English. ”

— **Lecturer in Academic English and Study Skills, King's College London, UK**

“ IELTS gives a reliable indication of entry-level English Proficiency. Other tests are less satisfactory at providing this. ”

— **Lecturer in Academic English and Study Skills, King's College London, UK**
