Activity 1: Matching Features questions- a strategy

Material: Worksheet 1

Time: 15-20 minutes

Procedure:

- introduce the focus of the lesson – Listening Part 1 – a conversation between 2 people in an everyday social context.
- give out Worksheet 1 and draw attention to the Matching Features question.
- tell students they are going to look at a strategy for dealing with this type of question (whether in Part 1 of the Listening test or in the other parts).
- get students to work in pairs to answer Exercise 1 about the context.
- get class feedback.
- stress the importance of using the time that test takers have before the audio recording starts to read the questions to understand what the context is going to be.
- advise your students to think about the differences between voices e.g. male or female, young or old, deep or high. This will help them to distinguish between speakers.
- elicit what students know about how synonyms are used across all sections of the IELTS test (e.g. paraphrasing questions in Writing and Speaking).
- elicit the use of synonyms in the Listening test.
- draw attention to Exercise 2 which requires learners to consider the use of synonyms in the task.
- get students to work through questions a) - c) individually.
- for question b), you may wish to elicit examples of how they might hear the first option with the whole class e.g. *outside the city, countryside*
- students check their ideas in pairs and then check with the whole class.
- advise your students that they need to think about what kind of words or phrases they will hear on the audio to help them choose the correct options.

Listening Part 1

Worksheet 2

Vocabulary practice – identifying synonyms

1 Look at the audio script for questions 1-4 below:

Official Can I help you?

Man Yes, I was wanting somewhere to stay for a few days - a four- or five-star hotel. Can you tell me something about the possibilities?

Official OK, right, well there are five hotels that might interest you. Were you wanting a city centre location, or would you be interested in something a bit further out?

Man Well, I do have a car so I could go for either.

Official Well, there are two central hotels in the range you're looking for – there's Carlton House and The Imperial, they're both near the main square, but if you've got your own transport, you might be interested in the Royal Oak – that's out in the country, about ten kilometres away, very peaceful. Then there's the Bridge hotel and the Majestic – they're both in town but not in the centre, they're out on the airport road.

Man Mm... that might be a bit far out actually. OK, now the other two you mentioned, in the city centre. Can you tell me a bit about them?

Official Well, they're both excellent hotels. If you want something with a bit of character, Carlton House is quite unusual – it's a very old building that was originally a large private house, it was bought by the Vannis chain, and they completely refurbished it – they took their first guests just a few months ago but it's already got an excellent reputation. That's a five-star hotel. Or there's the Imperial, which is a much more modern building. That's also has its own gym, and it also has internet connection and meetings rooms – it's used for conferences and corporate events as well as private guests. That's five-star as well.

Man Does it have a swimming pool as well as a gym?

Official No – the Royal Oak has an outdoor pool, which is lovely in the summer, but the only hotel with an indoor pool is the Bridge Hotel. It doesn't have a gym though. The Majestic is planning to build a swimming pool and a fitness centre, but it's not finished yet.

Man I see. Well, I think I'll probably go for one of the city centre hotels.

2 *Using the audio script, complete the table below with words and phrases that mean the same as the words and phrases in column A.*

A	B
rural area	
opened recently	
business functions	
renovate	
gym
